

ABLE accounts at a glance

An ABLE account is a savings account that offers tax benefits, ABLE accounts help individuals with disabilities and special needs and their families save for their financial goals, without jeopardizing government benefits eligibility.

Why ABLE?

- Low opening deposits¹
- Assets grow tax free if used for qualified expenses
- Save without jeopardizing government eligibility
- May be eligible, if disability occurred before age 26
- Learn to manage money — ABLE accounts allow people to make their own financial decisions

Who would benefit from opening an ABLE account

- Parents who want to save for their child's future disability-related expenses.
- Individuals with disabilities or special needs who are employed and want to save for their own financial goals.
- People who want to gift or bequest to a loved one who has a disability or special needs but don't want to interrupt their government benefits.

What are people using their ABLE accounts for?

Housing

Medical expenses

Transportation

Recreation

Education

Financial Independence

- To save for a home, start a business, and/or pay for higher education
- To cover the gap between what medical insurance pays and the actual cost of medications
- To pay for a new car, or to modify a vehicle to be accessible
- To save for the goal of starting a family, and the costs that go along with it, such as moving to a different home and additional medical expenses due to pregnancy
- To save for emergencies and have a sense of financial security
- To work towards financial independence and to avoid having to ask for money for daily wants/needs, such as groceries and bills
- To pay for recreation, sporting events, clothing, dining out, and other items not covered by government benefits that increase quality of life
