HRA Eligible Expenses

For an HRA with a plan design reimbursing section 213(d) expenses

The Internal Revenue Service defines qualified medical care expenses within IRS Section 213(d). The products and services listed below are examples of medical expenses eligible for payment under a Health Reimbursement Arrangements (HRA). The lists are not all-inclusive and are subject to periodic updates by the IRS. The lists do not guarantee reimbursement and should only be considered as a guide for the submission of claims. Your employer's plan may only reimburse a subset of expenses. For an HRA with a plan design reimbursing section 213(d) expenses, over-the-counter medicines and drugs no longer require a prescription. For specific details regarding Your Plan, please contact your employer.

The Voya Health Accounts mobile app allows you to scan product UPC codes to determine eligibility for expense reimbursement. Using the app, you'll be able to see all account activity, upload receipts, scan UPC codes, reimburse yourself for out-of- pocket expenses and more. The mobile app is available in your app store by searching on "Voya Health Accounts". Since some generic brands may not be in our database, please refer to the <u>IRS Publication 502</u> for a full list of qualified expenses when utilizing generics.

This is not intended to be legal or tax advice and you should consult with your own legal/tax advisor regarding your individual situation.

The Health Reimbursement Arrangement is offered through Voya Retirement Insurance and Annuity Company (VRIAC), Windsor, CT. Voya Institutional Trust Company holds the Health Reimbursement Arrangement's assets in a trust or custodial capacity and has engaged Hand Benefit & Trust Company, an affiliate of BPAS, to perform servicing functions on its behalf. If offered, the Voya Fixed Account is available through a funding agreement issued by VRIAC. The Voya Fixed Account is an obligation of VRIAC's general account which supports all of the company's insurance and annuity commitments. The interest rate guarantees under the contract are subject to VRIAC's claims-paying ability.
